

CHURCHWARDEN.

Please notify the Rural Dean — in writing
before 30th September — of all PRE 20TH CENTURY
silver (chalices, patens, flagons etc) in the
church's possession, whether used or not, and whether
in the church safe or deposited at a bank.

Dear Rural Dean

27 Sept.

Pre 20th Century Silver

~~this is to let you know that~~

Ad Hallows

As requested, Ringmore reports that

It has no silver of date prior to 1900. This is somewhat surprising in view of Prebendary Hingston-Randolph's ^{apparent} interest in all things concerned with the church. However it appears (from oral evidence) that before Mr. Wood made the present Communion set, the set used was a priest's "private" set for sick communions and, should a larger ~~chalice~~ be needed, ^a the set from Kingston was used ~~borrowed~~.

Good silage, naturally.
